General Awareness Exam

This subject does not cover any particular syllabus. The candidate's knowledge of current affairs will be checked. Applicants must be well aware of the happenings around the world and be up-to-date with the latest news and headlines.

Descriptive Test

The Descriptive Test contains 2 questions with 25 marks each. The questions are divided into 2 parts, letter writing, and essay writing. This test will be attempted on a computer. Hence, candidates must practice computer typing skills. The letter writing could be either formal or informal letters.
